

The Senior Citizens Commission is currently working toward the following goals:

Working with Age Friendly to establish a realistic emergency preparedness program

Developing a working relationship with VTA to determine routes and fees that will impact the community of Older Adults

Supporting those housing developments that are sensitive to the needs of the Older Adult community

Supporting those commercial developments that are also sensitive to the needs of the Older Adult community

Providing access to the "14 Commandments" flyer that is designed to prevent falls in the community of Older Adults

Advocate for better signage and "speeding" protection for those attending functions at the Cypress Community Center

Through attendance at each of our Community Centers determine if the nutrition program is adequate and well received.

Warren Gannon, Chair  
Senior Citizens Commission, City of San Jose
